Getting Good Start Is Half of Boy's Life Battle
GETTING a good start is half the battle in game or contest. It is absolutely necessary in the battle of life. To give him a fair start is the prime object of the Y. M. C. A. work for the boy.

Environment is one of the most potent factors in determining the boy's life. Not only his associates, but his ideals in men and older boys determine his own ideas and plans for life, for what he is to be and do.

Habits, good or bad, are the little things in life, which though weak and easily broken when first formed, later become more powerful than chains to break down or hinder, or else build up and help.

In the Y. M. C. A. gym, with its environment and leadership, the boy gains self confidence, initiative and determination. Here he learns to use both brain and brawn in the spirit of fairness.

A membership to the Y. M. C. A. will be given to the boys absolutely free for obtaining only a small number of new subscribers. Call to see H. H. Fris, circulation manager of the El Paso Herald.
